

## A HISTORY OF CARING

This is an exciting time in our history. Owatonna Hospital stands among this nation's best at delivering quality medical care. This tradition of excellence has been built over more than a century and promises to continue for generations to come thanks to the financial support of generous people from throughout our community.

## Become a patron of the healing arts

At Owatonna Hospital, we invest in all the qualities that make a truly healing environment. The distinction may seem subtle—until you or a loved one come here for care. It's then you truly experience our commitment to caring for the whole person—body, mind and spirit. Every aspect of our hospital is designed to add to the “total healing environment” you experience from the moment you first step through our doors.

## You can tailor your giving

As a donor to the Owatonna Hospital Foundation, you choose where you'd like to direct your gift. Your options include the Fund for Excellence, our Healing Gardens Fund or the Area of Greatest Need.

Whichever option you choose, know that we are grateful for your support. Your gift makes health care excellence possible and more accessible for our community.

## How Can I Help?

Your gift helps meet the health care needs of today and prepares us for the demands of tomorrow. You can contribute to the Foundation in several ways:

**Cash gifts paid by check or with a credit card and commemorative gifts in memory or tribute**  
Simply fill out the enclosed reply card and send it to: Owatonna Hospital Foundation, 2250 NW 26th Street, Owatonna, MN, 55060

**Gifts of appreciated stock or real estate and planned gifts—wills, bequests, securities**  
To learn more, please call the Owatonna Hospital Foundation at 507-977-2562.

**Every gift of every type and size is important and welcome. Please join us in making our hospital, as well as our community, healthier and stronger.**

## FUND FOR EXCELLENCE

The future of quality health care in our community depends in large part on our ability to proactively meet emerging health care needs. By making strategic investments in life saving equipment and programs, we can improve the current patient care experience and fund the preventive health programs that will keep our community healthy for years to come.

### *Examples of Fund for Excellence Investments:*

- New portable equipment that enables lab tests to be rapidly conducted right in the hospital room. This produces faster results when seconds count.
- Programs and classes that connect people to the hospital not just when they're sick, but also when they're healthy.

**Visit our website at [www.owatonnahospital.com](http://www.owatonnahospital.com) for more information about the Fund for Excellence.**

## HEALING GARDENS FUND

Donations directed to the Healing Gardens Fund provide enhancements in the healing environment, such as upgrades to the outdoor walking path, new integrative medicine treatments and improved technology that strengthens the connection between patient and caregiver.

## AREA OF GREATEST NEED

A gift supporting the Area of Greatest Need provides the Foundation with the largest number of options. We'll target your gift to the place where it can have the biggest impact. Because a hospital is a complex organization with needs that are constantly changing, allowing us to direct your gift gives us the flexibility to ensure your donation can be put to work immediately on a high priority project.

## Excellence requires community support

For many of us there is a desire to make our world a little brighter, a little better. One way we can transform our dreams into reality is through giving. If you're looking to make a difference right here in our community, make a gift to the Owatonna Hospital Foundation. As a not-for-profit hospital, philanthropic support is vital to maintaining the quality facilities, programs and services that make this hospital a community treasure.

Now more than ever, providing top-notch health care requires significant investment in life saving technology and new equipment. Simply put, reimbursement from the government and insurance companies does not completely pay for the care you receive. This reality created a gap that must be addressed.

Fortunately, many people from our community have stepped forward to support their hospital over the years. Their support in years past makes possible the care you receive today. They realized quality health care is an essential part of a quality life. They believe their community deserves exceptional health care and so do we.
