Abbott Northwestern is not responsible for enforcing parking on surrounding streets. Please refer to posted street signs for regulations. Also, plan ahead for winter weather parking options if you usually park in the street.

Abbott Northwestern Hospital Parking Enforcement

 ®A REGISTERED TRADEMARK OF ALLINA HEALTH SYSTEM

Parking Enforcement

Enforcement applies to all vehicles parked on lots, in ramps or drives on the Abbott Northwestern Hospital campus, and the parking ramps shared with Children's Hospital and Clinics-Minneapolis.

Enforcement encourages full utilization of limited parking capacities, maintains access and traffic flow, and ensures fire lanes are open.

The Public Safety Department defines and enforces parking violations and collects fees for violations. Public Safety reserves the right to tow any vehicle that is unsafely or inappropriately positioned in accordance with Abbott Northwestern's towing policy.

Tow Policy

Any unattended vehicle will be towed if it is obstructing a vehicle entrance to the hospital; obstructing the vehicle traffic flow in the Founders' Mall, loading dock or parking ramp; or has an immediate impact on the immediate safety of the hospital.

Employees who continue to violate parking policies, or fail to respond to a parking citation either by making payment or filing an appeal, could have their vehicle towed and/or have parking privileges on hospital-owned/controlled property revoked.
