

# A National Leader in Electronic Medical Record Systems

*Providing knowledge and information to improve patient care*

**Allina Hospitals & Clinics is proud** to be the first Minnesota health care organization to earn the Davies Award, the industry's preeminent award for health information technology. The Healthcare Information and Management Systems Society presents this national award annually. This year, Allina is the only health care organization to receive the award.

**Allina is transforming health care with its electronic medical record system by providing patients with:**

- seamless, coordinated care
- more informed care - authorized caregivers can quickly access a history of the care a patient has received at any of Allina's eight hospitals and 65 clinics currently using the electronic medical record system
- improved patient safety and proven best methods for patient care
- **MyChart**, an Internet tool that enables patients to securely access portions of their medical record, get lab results, schedule appointments online and more.

**ALLINA**  
Hospitals & Clinics
