2011
Crystal Ball

All proceeds from this event go to fund state-of-the-art facilities, providing patients with the most comprehensive, safe and efficient care, close to home.

At Mercy Hospital, the hybrid cardiovascular operating room will provide a state-of-the-art operating suite for heart and vascular procedures requiring open and/or endoscopic surgery.

At Unity Hospital, the Sister Kenny Rehabilitation Institute acute inpatient care unit will provide innovative 24/7 physician oversight and rehabilitation-focused nursing care. The primary goal is for patients to regain their independence to return home or to a community care facility.
