Who provides care in the Allina Elevate Network

It's important to understand the network providers that make up the Allina Elevate Network for the **Premier Health Savings Plan** (administered by Blue Cross and Blue Shield of Minnesota) and the **Allina Elevate Plan** (administered by Allina Health | Aetna).

You must use network providers to receive benefits for eligible health services under the Allina Elevate Plan and the Premier Health Savings Plan. Limited exceptions to this include emergency services and urgent care.

To find a network provider, use the plan's member website:

- **Allina Elevate Plan, administered by Allina Health | Aetna:** *allinahealthaetna.com/ah*
- **Premier Health Savings Plan, administered by Blue Cross and Blue Shield of Minnesota:** *bluecrossmn.com/allinahealth*

For convenience, a list of providers is also included below.
Please note: the provider network may change during the year, and you should always check to confirm a provider is in-network before seeking care using the plan's member website.

Network provider list as of July 1, 2025:

Out-of-network providers

If you use an out-of-network provider to receive services that could have been obtained through a network provider, you will have **no coverage** even if the services you received would have otherwise been eligible health services. Exceptions to this include emergency services and urgent care.
