

Immunization Support for Allina Employees Who Are Students

Allina Health employees who are students are able to utilize Employee Occupational Health to assist with student immunization requirements. Please refer to [Allina Health Infection Control Policy-Appendix G](#) for requirements. **There are NO waivers for employees who are students doing experiences at Allina Health.**

There is a great online resource available to help you gather your immunization record information. However, it is protected information so it cannot be shared from Allina Health directly to your school. You may print it off and share with your school.

1. Immunization records are available for you to download from the AKN. See steps below
2. Immunizations and mantoux tests that are required for student status may be obtained at no cost through an employee’s local Employee Occupational Health (EOH) service. Employees may receive one mantoux test per year free of charge. Other immunizations and titers may also be obtained free of charge to meet the Allina requirements. Contact the local EOH department to make an appointment.

Immunization records:

Step 1: On the AKN, click the Allina Health tab at the top to choose Safety and Quality

SAFETY AND QUALITY

We provide consultation, research, analysis, planning and assistance in interpretation and implementation of system wide strategies for:

- Safety culture
- Infection control
- Patient safety
- Regulatory accreditation
- Sterile processing

Step 2: Click Employee Occupational Health, and then the Allina EOH Portal

EMPLOYEE OCCUPATIONAL HEALTH

Employee Occupational Health (EOH) provides services to support a safe, healthy and productive work environment; promote and protect employee health; and restore employee health following injury. EOH supports a variety of employee health needs including infection control, immunization management, and prevention of work-related illness and/or injury.

For COVID-19 Employee Occupational Health questions, call 612-262-4630.

EOH Call Center hours:

- Weekdays: 8 a.m. to 4 p.m.
- Weekends: 10 a.m. to 2 p.m.

Employee Occupational Health (EOH):
612-262-4490

Vaccination/Mantoux hours, Metro sites no appointment necessary, Regional sites please call for appointment.
