# Dr. Marc and Lori Burkhart Medical Scholarship Guidelines

New Ulm Medical Center

The Dr. Marc and Lori Burkhart Scholarship was established in 2021. One \$3,000 scholarship will be given to one recipient in a **bachelor's degree in nursing program or medical school** for the 2024-2025 school year.

By age 5, Lori knew she wanted to be a nurse just like her great aunt Helen. That desire never wavered during her 41-year career as a nurse, 28 years of those at New Ulm Medical Center. She enjoyed the flexibility and variety of this career at NUMC, working part time as a preoperative educator, procedure nurse, CPR instructor, recovery room nurse, developer of a public access defibrillator program in the New Ulm area, EMT for 13 years and assisting with the implementation of the computerized medical records at NUMC.

When Marc was 7 years old, his mother showed him a magazine article, "Where Are Tomorrows Doctors?" There was nobody in his family that was in a medical field. He thought at that time that "I can be one" and so that was his goal through elementary school, high school, and college. He was only able to achieve this goal through the help of financial aid at Morningside College and committing to a Public Health Service Scholarship at the University of Iowa College of Medicine and so he would like to help somebody else in a similar situation. Marc has had the opportunity to deliver over 6400 babies in Iowa, Louisiana, Maine, Florida and during the last 33 years of his practice at New Ulm Medical Center. He was also Chief of the Medical Staff for 3 decades and helped implement Allina's electronic medical record.
