

## **Labor Log**

If you think you are in labor, record when contractions begin and end below. Use the comments column to note on their strength. This can help your health care provider determine if labor has begun. As labor progresses, keeping a log is optional.

Time Cont Bega		Duration (How Long)  (from the beginning to the end of the same contraction)	Frequency (How Often)  (from the beginning of one contraction to the beginning of the next)	Comments
Example:	7 a.m.	60 seconds		
	7:05	70 seconds	5 minutes	Massage helps.
	7:11	45 seconds	6 minutes	Hard one!
When your labor begins, record your contractions below.
