

## When can you get a COVID-19 vaccine?

The COVID-19 vaccine will be distributed in phases.

All Minnesotans will have access to a vaccine.

### Phase 1a (we are here)

- Health care personnel
- Long-term care residents

### Phase 1b (next)

- Adults aged 75+
- Frontline essential workers

### Phase 1c (future)

- Adults aged 65 – 74
- People aged 16 – 64 with high-risk medical conditions
- Other essential workers

More details coming for who is included in groups 1b and 1c.
