

Minnesota Perinatal Physicians

Minnesota Perinatal Physicians, part of Allina Health, offers expert consultative care for all maternal and fetal health concerns, pregnancy complications and fetal abnormalities. In collaboration with Children's Minnesota, we are part of the Midwest Fetal Care Center — the only advanced fetal care center in the Upper Midwest.

Our maternal-fetal medicine experts specialize in complex care for maternal medical conditions including congenital or acquired heart disease, genetic concerns, morbidly adherent placenta and critical care needs as well as fetal abnormalities and fetal conditions. Our comprehensive care team also includes advanced practice nurses, registered nurses, genetic counselors, nurse care coordinators, social workers and specially trained ultrasound sonographers.

PHYSICIANS

Suresh Ahanya, MD
