

NEGOTIATION NEWS

A MESSAGE FROM

JESSICA OISETH *Vice President, Operations, Primary Care*

SETH VOGEL, MD *Vice President, Medical Operations, Primary Care*

Feb. 9, 2026

In today's bargaining session with the Doctors Council SEIU for Primary Care and Urgent Care, we continued to engage in informal conversation regarding several areas within the contract. While these discussions were off-the-record, we are optimistic we are making progress toward developing a contract that supports our common values, our goals as an organization and ultimately allows us to continue caring for our patients and serving our community.

Next steps

Our next bargaining session is Thursday, Feb. 12. We appreciate your commitment to providing excellent care for our patients.
