

COURAGE KENNY REHABILITATION INSTITUTE

WE ARE RECRUITING

Courage Kenny Rehabilitation Institute is looking for people to participate in a controlled study, entitled **WISE** (Walking Improvement for SCI with Exoskeletons).

This study will evaluate improvement in independent gait speeds of spinal cord injury (SCI) patients undergoing rehabilitation with the Ekso GT™, the Ekso Bionics' medical robotic exoskeleton, and will be compared to both conventional therapy and usual care control groups.

ENROLLMENT CRITERIA

- Incomplete SCI (>1 year)
- Injury level C1–T10
- Able to ambulate at least one step
- Between 18–75 years of age
- Screened/cleared by a physician

REQUIREMENTS

- An intensive 12 week training program
- Meet Three times per week/1 hour sessions
- Four evaluation visits: baseline, 6 weeks, 12 weeks and 24 weeks

If you are interested in participating or have any questions, contact:
