Thank you for your interest in Allina Partners Care (APC). APC is a financial assistance program through Allina Health that can assist with your Allina Health medical bills. Enclosed, you will find the APC application. Please keep the following in mind while completing the application:

- APC is not health insurance, and is financial assistance for your Allina Health bills only. Because it is not a health insurance plan, APC can only cover services that are billed directly through Allina Health. This means that it can only assist with charges for Allina Health facilities, and charges incurred with doctors employed by Allina Health.
- APC assists with your bills for medically necessary services, and does not assist with bills for prescription medications, retail services, or some elective services.
- When filling out the application, it is important that you provide us with current insurance, income, and asset information, even if your situation has changed since you incurred your bills with Allina Health. APC eligibility is based on your current house hold income and assets.
